Sheera Sadja, Principal

Dear New Alvarado Families,

Welcome to Alvarado! We are so excited to have all of you join our community. As you will learn over the next few months and years, Alvarado provides our students with a well-balanced elementary school education. We pride ourselves on our academic program in which students learn through Reader's and Writer's Workshop, Common Core math, and in-class as well as hands-on lab science. Additionally, students are exposed to a variety of enrichments such as computer lab, library, art, PE, instrumental music (for 4th and 5th graders) and motor skills (for Kinder and 1st graders).

As part of our community, your social calendar will be full with invitations to school-related evening and weekend family events such as art days, garden clean up days, festivals, PTA meetings, and many other fun activities. In addition, there will be plenty of opportunities for you to visit and participate in your child's education during the school day for publishing parties, class projects, field trips, and more.

Spring and Summer playdates are currently being planned, keep an eye on our Facebook page and school website for more information.

We look forward to getting to know your children and having your family as new members of our community. I am always available to answer questions or just chat if you'd like. Please don't hesitate to reach out for any reason.

Sincerely,

Sheera Sadja
Principal, Alvarado Elementary
